

Dr Gee Nee Lim

Chartered Environmentalist (CEnv)

GRI Certified Sustainability Professional

FHEA, MIES, FICRS, PhD (Sustainability), MBA, BSc

Email: gnlm@netzero-intl.biz

1. About

Dr. Gee Nee Lim is a sustainability specialist with more than 15 years of experience across academia, environmental research, corporate sustainability, and international teaching. She supports organisations in developing credible, standards-aligned sustainability strategies with clear evidence, measurable KPIs, and practical implementation steps.

Her work focuses on strengthening ESG governance, improving carbon accounting accuracy, and equipping leaders with the skills needed to integrate sustainability into operational decision-making.

2. Core Services

Sustainability Strategy & ESG Integration

- ESG baseline assessments
- Materiality alignment
- KPI development
- Governance structure design

Carbon Accounting & Net Zero Planning

- Scope 1–3 inventory (GHG Protocol)
- Supplier engagement for Scope 3
- Carbon baseline & reduction planning
- Net Zero roadmap development

Sustainability Reporting

- GRI Standards
- ESRS-aligned frameworks
- Data quality checks & evidence mapping
- Reporting structure & narrative development

Life Cycle Assessment (LCA) & Whole Life Carbon

- Hotspot identification
- Component-level LCA
- Interpretation for procurement decisions

PAS 2080 Support

- Gap reviews
- Carbon management planning
- Value chain engagement
- Project lifecycle checkpoints

ESG & Carbon Training

- ESG fundamentals
- GRI report preparation
- Carbon accounting bootcamps
- Scope 3 and supplier readiness
- KPI & Power BI dashboard skills

3. Professional Credentials

- Chartered Environmentalist (SocEnv)
- Fellow of the Higher Education Academy (FHEA)
- GRI Certified Sustainability Professional
- Member of the Institution of Environmental Sciences
- Fellow of the Institute of Corporate Responsibility and Sustainability
- PhD in Sustainability
- MBA
- BSc Industrial Chemistry
- Former Senior Lecturer (Environmental & Business Studies)
- Experienced curriculum designer and trainer

4. Selected Experience

Public-sector and education-focused sustainability development

- ESG curriculum development and professional training
- Sustainability data structuring and KPI design
- Whole Life Carbon component analysis
- Scope 3 supplier engagement templates
- Carbon management alignment with PAS 2080 principles

(Experience descriptions are intentionally broad to avoid overstating project ownership.)

5. Working Approach

- Understanding your context: clarifying goals, boundaries, timelines, and data availability.
- Building evidence-based outputs: templates, KPIs, Scope 1 to 3 calculations, LCA insights, or reports based on recognised standards.
- Clear communication: technical concepts explained simply and pragmatically.
- Collaboration with internal teams: ESG leads, procurement, finance, and project delivery teams.
- Confidentiality & professionalism: all client materials handled securely via email communication.

6. Why Work With Dr Gee Nee Lim

- Strong technical foundation in sustainability frameworks
- Ability to simplify complex environmental concepts
- Excellent teaching, communication, and training skills
- Proven experience across multiple sectors
- Balanced, practical, non-overstated consultancy support
